

**“Everybody is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid.” – Albert Einstein**

### **WHAT IS DMIT?**

Dermatoglyphics Multiple Intelligence Test is based on the research conducted by world renowned scientist, Dr. Howard Earl Gardner, an American developmental psychologist who is popularly known around the equator for his “Theory of Multiple Intelligences”.

Dr. Howard Gardner is the John H. and Elisabeth A. Hobbs Professor of Cognition and Education at the Harvard Graduate School of Education at Harvard University.

Dermatoglyphics, derived from the ancient Greek words “derma” meaning skin and “glyph” meaning carving, is the scientific study of fingerprints. It is a proven scientific method to decode the brain’s potential and talent through the physical formation of fingerprints, which has linkage to brain development. It is not Palmistry and is not Future Telling.

Dermatoglyphics is a professional industry that combines neurobiology, genetics, brain science and embryology coupled with clinical studies. In developing this system, Dermatoglyphics experts conducted psychological pattern profiles with more than Five Hundred Thousand individuals since 1985 across USA, UK, China, Japan, Korea, Taiwan, Singapore and Malaysia to generate a database for cross comparison study which can help individuals to learn the way to discover their inner potential.

If one is competent to identify his/her inborn talent then he/she can build upon a great future and can surely outshine in that discipline of life. However, largely, people fail to recognize their inborn talent and therefore end up taking any arbitrary and indiscriminate career and unsystematic curricular based decisions. They end up selecting that career / extra-curricular option which either their friends or relatives have recommended or they have heard of somewhere strangely in some symposium.

### **WHAT IS THE ELIGIBILITY FOR DMIT?**

From a new born baby to any age

### **HOW IS THE TEST CONDUCTED?**

Dermatoglyphics Multiple Intelligences Test is a scientifically performed test capturing ones finger ridge counts and co-relating with the brain lobes through an automated process. It has been medically and clinically proven that finger prints and existence of multiple intelligences are completely linked.

### **DMIT REPORT:-**

The DMIT report will distinctly highlight your inborn talent, multiple intelligences, preferred learning style, level of various quotients, personality traits, behaviour, your strength and weaknesses and also the way to develop that desired intelligence. This analysis will reflect your inborn and innate attributes.

We urge you to comprehend that everyone has a unique ability or talent. Often, comparing yourself to someone else's abilities might mean overlooking what you are naturally skilled at. Aim for what you are good at, work hard for what you want, and don't beat yourself up when you curtail yourself from perfection. This report is a mirror and analysis of your deep hidden potential.

## **BENEFITS OF DERMATOGLYPHICS MULTIPLE INTELLIGENCE TEST – DMIT**

- Identify Your Inborn Talents
- Know Your Personality & Behaviour
- The Status & Ranking of the 8 Multiple Intelligences viz.  
Inter Personal | Intra Personal | Logical | Linguistic | Musical | Visual | Kinesthetic | Naturalistic
- Spot whether you are Left Brain Dominant or Right Brain Dominant
- Recognize Your Personality Traits
- Categorize Your Behavioural Traits
- Identity Your Preferred Learning Style Viz.  
Visual | Auditory | Kinesthetic And Learn Accordingly
- Reveal Your Quotients viz.  
Intelligence Quotient | Emotional Quotient | Creativity Quotient | Adversity Quotient
- Extra-Curricular Activities Preferred
- Career Choices Preferred
- Areas Where You Are Independent And Areas Where You Need Support

### **FEES:**

Rs. 6000/- (Rupees Six Thousand Only) per person.

The Fee includes Finger Ridge Count Capturing, Analysis, Comprehensive Report and Individual Counselling by **I Qube** Experts

### **ABOUT IQUBE™**

I Qube (I Qube Institute for Illumination of Intelligence Quotient LLP) is an organization that has authored 7 books based on concepts such as Quantitative Analysis, Problem Solving, Logical Reasoning, Visual Reasoning, Analytical Reasoning, Abstract Reasoning, Verbal and Non-Verbal Reasoning, Spatial Interpretation, Linguistics, Social Intelligence and Memory. I Qube conducts IQ based examinations across India and rewards meritorious students with numerous scholarships.

We at I Qube robustly believe that every individual is born with inborn talents and with unique multiple intelligences. The core vision of I Qube is to develop a child's aptitude through every single effort. We believe that by doing so ultimately strengthens the core concepts of I Qube and thereby prepares a child not only for future competitive examinations such as GRE, GMAT, IAS, CAT, CET, JEE, UPSC, SNAP, XAT, UPSC, MPSC, etc., (just to name a few) which all incorporate these concepts but also for the academic challenges that children face during their school years. This shall also enable them to confidently appear for all the aptitude tests that they are likely to face during job interviews and self-assessments during their lifetime.

Our team of highly dexterous professionals from varied backgrounds and with a cumulative experience of over 60 years will analyze and evaluate numerous parameters of your Multiple Intelligences giving you the most gratifying results.
